OPTIPRILL

OptiPrill Springer-Safe

A well balanced early lactation mineral supplement, specifically formulated to be safe to feed to springers while still meeting the mineral requirements of lactating cows. Containing good levels of Calcium, Phosphorus, Magnesium, Sodium and Trace Minerals.

OptiPrill Springer-Safe is perfectly suited to farmers wanting to run springers through the shed to help get them used to loading in the shed and eating the grain, while giving them a safe and worth-while dose of minerals, which will help aid them through the transition period.

Compares favourably to the cost of dusting, along with avoiding the machinery and labour cost of dusting.

ELEMENTAL COMPOSITION

3 OPTIPRILL SPRINGER-SAFE

	PER 225GM	PER 190GM	PER 170GM
Calcium	39g	33g	30g
Phosphorus	5g	4.2g	3.8g
