

# SoluPhos®

## Advantages

MOST AVAILABLE  
PHOSPHATE  
TO COWS

99% RUMEN  
AVAILABLE

100% WATER  
SOLUBLE

SoluPhos® provides a highly available Phosphate to the cow. This is particularly useful when grazing Fodder Beet and when Phosphate requirements are not being met by the diet.

## PRODUCT FEATURES

- SoluPhos is a **high concentration Phosphate supplement**.
- It provides **99% rumen** availability to the cow.
- SoluPhos is **100% water-soluble**.
- The product is generally dosed through an **in-line dispenser**.

## TECHNICAL INFORMATION

It is recommended that a small amount is trialled first to ensure the product works well with different water systems. A water softener (M3T) can be purchased to help get this product into solution if needed.

### Mixing Instructions

SoluPhos is 100% Soluble. Dose through in-line dispenser system - premix with warm water in a bucket and mix until fully in solution, then add to the dispensing unit.

### Daily Dose Rate

10-50 gms / cow / day.
