OPTIMAL
IMMUNITY

Meta Plus Feed provides the highest level of protection against potential animal health challenges. Designed to go into any feed - no matter what feed system you use.

FEATURES

A comprehensive mix of highly concentrated minerals, for maximum on-farm benefit. The high quality German Copper and Zinc chelates deliver maximum absorption of nutrients.

- **Highest levels of minerals in organic form**
- **Superior mineral availability** - Zinc Plexomin Chelate is complexed to more than 95% and Copper Plexomin to more than 93%.
- **Easy to use** - blends well into feeds.

BENEFITS

Avoid mineral deficiency

Support optimal immunity throughout the year. Minimise exposure to animal health issues on farm.

High quality Zinc and Copper Chelates support healthy connective tissue, skin, reproductive performance and overall bone health. Supports long term hoof health.

Scientific trials show KemTRACE Chromium effectiveness against heat stress, plus production benefits.

TECHNICAL INFORMATION

Each bag of product is pre-blended, dried and ground to a consistent particle size.

Daily Dose Rate

The usual dose is 5gms/dairy cow/day.
Yearlings 3gms/day maximum.

Dosage Methods

Mixer wagon

Silo

Feedout wagon
