

Pentamin supplies the essentials, maximising mineral performance in your herd for every dollar spent

Pentamin SI supplies good levels of copper, zinc, selenium, iodine and cobalt to aid in reproductive performance, animal health and overall cow performance while still fitting within a tight budget.

An effective low-cost trace mineral blend with the added advantage of both inorganic and organic mineral sources.

The organic copper source ensures:

- Efficient copper absorption
- No loss of iodine from the mix
- Reduced risk of liver copper toxicity associated with PKE use

Description

Elemental levels per dose

Zinc Sulphate Monohydrate	612 mgs
Cobalt (Cobalt Sulphate 21.5%)	6 mgs
Iodine (EDDI)	12 mgs
Selenium (Sodium Selenate)	10 mgs
Magnesium Prill	44 mgs
Copper Plexomin chelate	105 mgs

Bag weight	25 Kilograms
Dose Rate	2.5gm/cow/day
