

High Energy By-pass Palmitic Acid
Calcium Soap

MOOFAT™

Increase Milk Yield

Increase Milk Fat

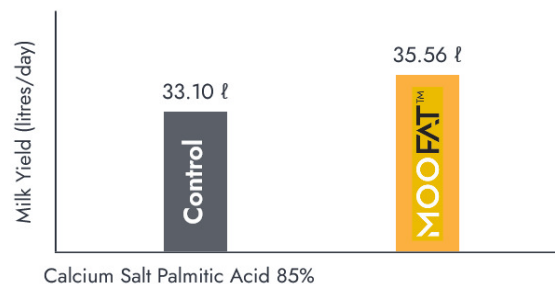

Improve Body Condition Score

Enhance Fertility

MOOFAT™ CHAMPION is made from PFAD which is rich in high Omega 9 and Omega 6 and Vit E. **MOOFAT™** is formulated to provide high energy to fresh cows and peak production cows to increase milk yield and milk fat. **MOOFAT™** also improves fertility.

MOOFAT™ CHAMPION is Calcium Salt. Crude Fat 82.5% min

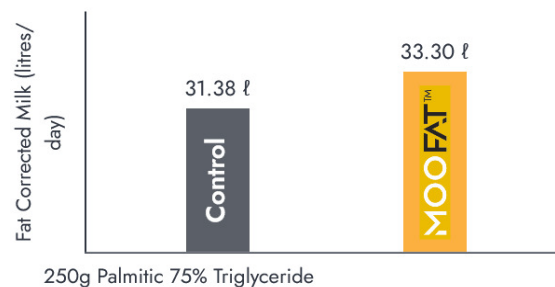

INCREASE MILK YIELD

Loften, JR & Cornelius, SG (2004). Review: responses of supplementary dry, rumen-inert fat sources in lactating dairy cow diets. The Professional Animal Scientist, 20: 461-469MILK

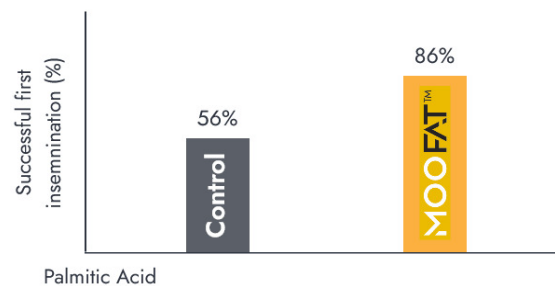

INCREASE MILK FAT

Relling AE & Reynolds, CK 2007, Feeding rumen-inert fats differing in their degree of saturation decreases intake and increases plasma concentration of gut peptides in lactating dairy cows J Dairy Science 90: 1506-1515

INCREASE COW FERTILITY

Frajbat M & Butler WR (2003) Effect of Dietary fat prepartum on fist ovulation and reproductive performance in dairy cows. J Dairy Science 86 (Suppl 1): 110 Abstract

WHY ARE WE GOOD NUTRITION

We work with nutritionists — your current feed formula matters

We use nutrition in a holistic way to add to farm's yield, quality and profit

We use health first basis, as growth and yield will increase with good health
